

WASHABLE FACE MASK

WITH WATER REPELLENT AND ANTIMICROBIAL TREATED FABRIC

REUSE

Washable 25X+
One CORCAN mask is equal to over 25 disposable masks.

GUARD

Liquid-repellent Outer Layer
Repels liquid droplets.

COMFORT

Ultra Soft Inner Lining
Blended cotton polyester interior is soft to the touch and comfortable for extended wear.

PROTECT

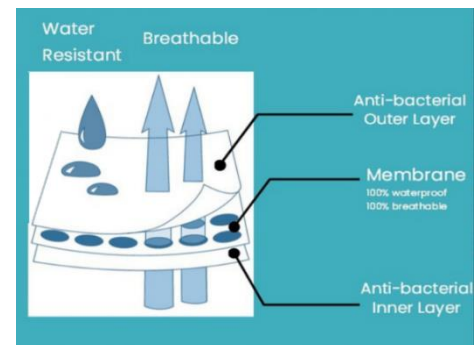

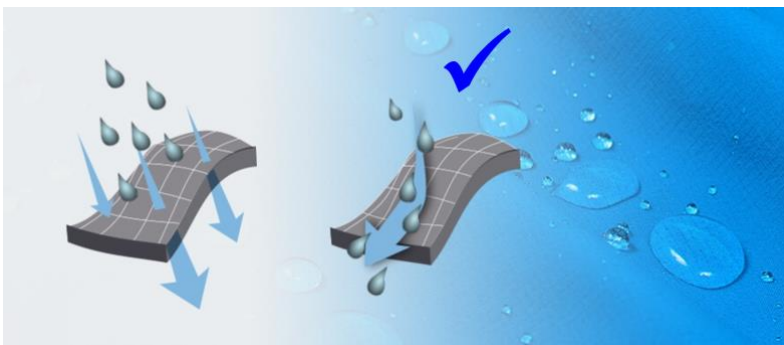

Antimicrobial treated fabric

Fabric is treated to prevent the growth of bacteria and mold on masks.

FILTER

Particle Filtering Middle layer

Blocks the flow of particles and dust.

Use Instructions:

- Before first usage, please wash once, as fabric has been treated.
- Do not use fabric softener (unless you like the smell and want to smell it all day).
- Dry with the drying machine using regular setting.
- Users should identify their personal masks to prevent loss and possible cross contamination.

! Please Wash Before Use

Disclaimer: The CORCAN Washable face mask with water Repellent and Antimicrobial treated fabric is not intended to be a medical device and not to be used by Health Care Professional in medical or surgical settings where significant exposure to liquid, bodily, or hazardous fluids may be expected or in clinical or healthcare settings where the infection risk level is high.

WASHABLE FACE MASK
